FLUIDEX, the Spanish Association for Fluid Handling Solutions & Process Technologies, is a private, non-profit organization whose main objectives are the international promotion of Spanish manufacturers in this industrial sector and the protection of their general interests.

Fluid Handling

Solutions from

Spain

AML

Hall 8.0 / Booth H11

www.amlsa.com

office@amlsa.com

AML is specialized in products using sand and shell moulding processes, as well as centrifugal, for pumps, valves and fittings. Weight up to 5000 kg netto in a wide variety of steels (carbon, stainless, nickel base, hastelloys).

JJ BCN INTERNACIONAL

Hall 8.0 / Booth G55

www.jjbcn.com

info@jjbcn.com

J.J BCN is one of the leading manufacturer of 1/4 turn electric actuators, using our own technology & design, having more than 30 years of experience in the field of valve automation. We are now present in more than 40 countries.

ORBINOX

Hall 8.0 / Booth D81

www.orbinox.com

orbinox@orbinox.com

ORBINOX are present in more than 70 countries worldwide with over 55 years of experience designing, manufacturing and distributing knife gate valves, penstocks, dampers and valves for hydraulic works. Thanks to our worldwide sales network in 5 continents, we are never far away to offer technical advice and respond to your needs.

Albian Equipment

AD-TECH S.L.

Hall 3.0 / Booth C30

www.ad-techiberica.com/en

marketing@albian.es

We manufacture high quality and high performance contamination control equipment for controlled contamination environments at both the air particles and microorganisms, chemical containment and biological containment levels.

LITEK INDUSTRIAL

Hall 3.0 / Booth A90

www.litek-pharma.com

info@litek-pharma.com

Litek Pharma designs and manufactures products for aseptic and aseptic-toxic processing such as isolators for multiple applications, RABS, material transfer systems, laminar flow cabins and low temperature decontamination systems with VHP, UV and e-BEAM.

PEKOS VALVES

Hall 8.0 / Booth F38

www.pekos.es

pekos@pekos.es

Pekos Valves is a leading European valves manufacturer with over 30 years of experience, designing, producing, and supplying valves certified by international standards. Our mission is bringing to clients valves to their needs, either standard applications and customized solutions with short lead times and lasting a long time.

BIKAR EXPANSION JOINTS

Hall 8.0 / Booth B2A

<http://bikarexpansionjoints.com>

info@bikarexpansionjoints.com

BIKAR is one of the leading companies designing and manufacturing expansion and dismantling joints. With more than 40 years supporting our clients in many different projects all over the world, we are proud to say that in BIKAR we are capable to produce the three types of expansion joint (Rubber, Metal and Fabric), giving solutions to several industries.

MACOGA

Hall 8.0 / Booth B23

www.macoga.com

macoga@macoga.com

MACOGA is a leading global manufacturer of High-Tech Metal and Rubber Expansion Joints providing solutions for every industrial application since the 1970s.

With presence in more than 100 countries, MACOGA provides the widest range of Expansion Joints and offers unparalleled On-Site Services.

VVC industrial

VVC INDUSTRIAL

Hall 8.0 / Booth F75

www.vvcindustrial.com

info@vvcindustrial.com

Considered one of pioneer companies in the design and manufacture of all types of intercepting and control valves for fluids in Spain. The materials used to manufacture our products are strictly inspected and controlled. This, together with our advanced manufacturing system, permits us a comfortably meet the increasingly high demands of our customers.

EMICA BOMBAS

Hall 8.0 / Booth B2

www.emicabombas.com

emica@emicabombas.com

EMICA, with more than 120 years dedicated to the design, manufacture and sale of centrifugal pumps, is one of the leading brands in the industrial sector. EMICA products have been present in sectors such as Water, Energy, Chemical-Petrochemical and Industry in more than 40 countries.

MECESA

Hall 11.1 / Booth G13

www.mecesa.com

mecesa@mecesa.com

Since 1952, MECESA manufacture in Barcelona, Spain mechanical instrumentation fittings for industrial measurement process and full customized solution for our partners and their installations around the world. As a Nuclear approved manufacturer, maximum quality is our standard.

ZALUX

Hall 11.0 / Booth B52

www.zalux.com

info@zalux.com

ZALUX is your reliable partner for explosion proof LED luminaires certified for use in Ex-Zones according to ATEX and IECEx directives. We develop and manufacture durable luminaires with high protection ratings for extreme conditions in hazardous areas in oil & gas, chemical or heavy industries.

IES SOLER

Hall 6.1 / Booth C23

www.iessoler.com

ies@iessoler.com

IES, S.A. is a designer and manufacturer of electrical heaters equipments for industrial processes like electrical immersion heaters, heat exchanger heaters, air duct heaters, etc. More than 75 years endorse us as one of the most expert companies in electrical heating solutions. Our engineering dept. has big experience in study and design the most optimal solution for each customer.

MONTERO

Hall 8.0 / Booth C3

www.monterofye.com

aem@monterofye.com

MONTERO FYE is an independent family company, established in 1893, specialized in sealing and insulation technology. Montero mainly manufactures: gasket sheets BELPA® - compressed non asbestos sheets mechanical packings MONTERO®.

FLUIDEX

Hall 8.0 / Booth B2

www.fluidexspain.com

fluidex@fluidexspain.com

FLUIDEX, the Spanish Association for Fluid Handling Solutions & Process Technologies, is a private, non-profit organization whose main objectives are the international promotion of Spanish manufacturers in this industrial sector and the protection of their general interests.
